

## Plaintiff's Memorandum in Support of Allegation 02

1. This Plaintiff has personally witnessed, and public records substantiate that, for decades, multiple Legislative and Executive Defendants (**OFFICIAL REPRESENTATIVES OF AMERICA**), wielding authority while campaigning for various political agendas, on tv and other media. publicly repetitively chanted the words "*OUR democracy*"; thereby publicly making false proclamations; most obsessively demonstrated at the beginning of Congressional Impeachment Hearings (1<sup>st</sup>) of President Trump. In Volume 1 of the Congressional Transcripts, prominent Officials repetitively hypnotically errantly reference "*our democracy*" **105 times**, while "republic" is referenced only 9 times. This is only one record in a huge pool of evidence.
2. These Defendants' decades-old false "*OUR democracy*" mantra, continuing daily, **covertly SUBVERTS OUR FUNDAMENTAL security measure, "REPUBLICAN form of government"**, OUR SOVEREIGN VOICE AUTHORITY ("*standing*"), previously detailed in Allegation 01 (Exhibit 005C):

**democracy**: "*a system of government based on the principle of majority decision-making*"<sup>1</sup>

"... *the people or community as an organized whole* [**Government Representatives**]

**wield the sovereign power of government** [Legislature] ... "

antonym from Republic definition<sup>2</sup>

## Plaintiff's Memorandum in Support of Allegation 02

3. The impact of their widespread propaganda is self-evident in the severe infiltration of OUR Judiciary:

*“... areas in which the judiciary then has a duty to intervene in the democratic process, a federal court properly exercises only a limited review power over Congress, the appropriate representative body through which the public makes democratic choices among alternative solutions to social and economic problems.” 16A Am Jur 2d Sec 270: Limitations As Respects Legislative Branch; Encroachment; Judicial Legislation*

*“Thank you for visiting the Massachusetts Juror Service Website. Jury duty is a privilege and a responsibility shared by all eligible citizens in our participatory democracy.”*

*"limited review power over Congress" shows Judicial misconception of Fundamental LAW, OUR three separate Articles of EQUAL Authority assignment in OUR Constitution previously detailed in Allegation 01 (Exhibit 005B). Judicial reluctance subverts OUR Standing and suborns Congressional Autocracy; thereby threatening OUR Security with Tyranny.*

4. These Defendants are continually decimating OUR unique Societal Structure, disgracing OUR Soldiers' bloodshed, defiling OUR Global Reputation, belittling OUR Constitution, cultivating Legislative Autocracy, abetting Executive Abuse, and crippling Judicial countermeasures; thereby destroying OUR three-branch crosscheck of power; thereby subjecting all Americans and their Posterity to Oppression; and thereby unworthy to represent America.
