

## ALLEGATION 07 - 16<sup>th</sup> Amendment Judicial Subversion

This Plaintiff charges, and his extensive sworn testimony of personal experience and multiple Exhibits substantiate, the Judicial Defendants including THIS COURT willfully or ignorantly:

- (a) neglected to rescind the unconstitutional 16th Amendment (reference Allegation 06); thereby condoning Legislative Breach of Territorial Jurisdiction and Invasion of Privacy;
- (b) created legislation in its drastic rewrite, an effectual invisible amendment; thereby breaching Legislative Duty and violating Our Constitution's authority specifications;
- (c) falsified an unavoidable indirect "*privileged activity*" fraudulently labeled "*incomes*"; thereby creating an obscure subject matter impossible to accurately implement;
- (d) published their dissent from "*Morality and Reason*" as tainted work product **contaminating OUR Library's Case LAW** for the world to witness;
- (e) neglected their Duty and Sworn Obligation to observe, obey, and honor OUR Declaration, OUR Constitution, and THIS COURT's harmonized Case Law; thereby undermining their primary purpose "*to effect [OUR] Safety and Happiness*" and "*secure the Blessings of Liberty*"<sup>1</sup> for OUR Posterity; and
- (f) continue to demonstrate and perpetuate Breach of Constitutionally assigned Duty and publicly Sworn Obligation (Breach of Contract), Negligence, and Depraved Indifference or Willful Blindness.
