Dear Taxpayer:

Department records indicate you failed to respond to our repeated notices and requests to resolve your outstanding state tax obligation. Any further delay in resolving the obligation cannot be accepted.

If the obligation is not satisfactorily resolved within 30 days from the date of this letter, the Department will take appropriate collection actions against you. Without further notice to you, these actions may include: placement of Tax Lien(s), Wage Attachments or issuance of Tax Warrants.

You can prevent this. Use the envelope enclosed to pay the Amount Due today. Your check should be made payable to the Commissioner of Revenue Services.

Whether or not we take collection actions against you is now your decision. Call if you have any questions or to discuss payment.
